DIGITAL AUDIENCE DEMOGRAPHICS

May 29, 2025 to May 28, 2026

Starting in 2024, Freshwater-specific advertising runs on AMAZONASmagazine.com and AquaticMediaPress.com, to reach your audience wherever they surf.

Due to changes from classic Google Analytics to the G4 platform, Google has changed how data is gathered, calculated, and reported. Privacy considerations have further prevented and diminished data accuracy and availability; current data simply cannot be compared with our past historical reporting.

The rise of AI-based search results has further complicated the landscape for web-based content providers. At Aquatic Media Press, we enacted steps to ensure that visitors must come to our websites to engage with our content by blocking the AI harvest and delivery of our content off-site. We have seen positive results from these decisions including a steady rise in web-traffic and a reducing in bot-based server load that we were subsidizing, at times representing up to 80% of the server-load we were paying for with no return on that expense. This is something every business must now consider and ask; "Is this worth it for our business?"

In the constantly evolving digital space, Aquatic Media Press remains an agile and steadfast partner, ready to discuss the challenges we all face together.

ILLUSTRATING BLEED AD DIMENSIONS:

The dashed pink lines below indicate the bleed area and show the relationship between the bleed dimensions and the trim size (black lines), as well as the page area (tan tint). For a bleed ad, images or backgrounds should extend (or "bleed") .25 inch past the trim to avoid having a white edge. Copy should be at least .25 inch inside the trim line—anything near the trim line is at risk of being cut off. Note that 1/3 Page Vertical, 1/2 Page Island, and 1/2 Page Vertical bleed ads have a right or left orientation and should be designed accordingly (and placement reserved/specified). Trim size and ad measurements are given above.

Page margins: **TOP** and **OUTSIDE** = 5/8"; **INSIDE** and **BOTTOM** = 3/4" ● **BLEED** = +1/4"

(For bleed ads: Note that type and areas of an image that fall within 1/4" of the **trim edge** are in the risk zone and could be cut off)

Reader REVIEWS

“AMAZONAS is widely regarded as among the finest publications in the aquarium hobby...”

It's fair to say that there currently exists no better publication for dedicated hobbyists with each issue featuring cutting-edge articles on fishes, invertebrates, aquatic plants, field trips to tropical destinations plus the latest in husbandry and breeding breakthroughs by expert aquarists, all accompanied by excellent photography throughout.

—MATT FORD, SERIOUSLY FISH

“Wunderbar!”

I know the parent edition of AMAZONAS from having family in Berlin, and it is simply the best freshwater magazine in the world.

—HEIKE KOCH

“Best fish magazine on the market...”

If you're mourning the loss of *Aquarium Fish International*, take out a subscription to AMAZONAS, pronto! It's more for the advanced fishkeeper, but it's the best fish magazine on the market right now.

—NICOLE PUTNAM, AMAZON.COM REVIEWS

“Subscriber for life!”

AMAZONAS in English?! You have me as a subscriber for life. I have been following this magazine for three years, after discovering it in the Munich airport during Oktoberfest. AMAZONAS is the finest freshwater aquarium magazine I've ever seen. The Germans are as passionate about their aquariums as their beer. I am thrilled to see that the English edition is not being watered down. We want Hofbräu, not Bud Lite.

—TIM SINOTTE

“Priceless!”

I have followed AMAZONAS since it first appeared in 2005, and I don't read a word of German. Having it in English now is priceless for me!

—RAY LUCAS, KINGFISH SERVICES

Take it from Steve

STEVE FREED IS THE FOUNDER OF FISH PLANET, one of the Chicago area's longest running and most successful independent aquarium specialty retailers. He also happens to be a retailer of **AMAZONAS** and **CORAL** Magazines.

While talking with Aquatic Media Press at an aquarium event, Steve said he felt that retail aquarium shops were really “missing out” if they weren't offering **AMAZONAS** and **CORAL** in their stores. We asked why, and if he'd be willing to share his answer with other fish store operators. Clearly, we have a passionate partner in Steve; here's what he had to say.

“Fish Planet caters to a wide range of fish lovers, but my store has limited space, so every inch of retail has to be well thought out and appropriate. **AMAZONAS** and **CORAL** not only sell themselves, they are a silent salesperson that customers can consult with at any time.”

Steve Freed's list of reasons why you'll find **AMAZONAS and **CORAL** for sale at Fish Planet:**

1. THEY ARE AUTHORITATIVE

- They're well written, and the photography has no peer
- They help expand knowledge of fish you already thought you knew about
- The best aquarists in the world are writing the articles
- There's no agenda, it's all informational

2. THEY BUILD RETAIL COMMUNITY AND EXPAND THE HOBBY

- These magazines motivate customers to grow their aquarium hobby with new fish, plants, corals and invertebrates they read about
- Customers like **AMAZONAS** and **CORAL** and eagerly wait to buy new issues that arrive
- Reading and selling magazines fosters connections with customers – you can talk like you're just two people passionate about fish keeping
- I'm still a hobbyist at heart and having informed customers makes my interactions exciting

3. **AMAZONAS AND **CORAL** FOSTER DISCOVERY**

- We look forward to finding newest trends
- We look forward to finding new fish and additions to the hobby
- We look forward to each new issue; it's exciting to get it!

“Personally, I watch for new fish and coral introduced to the hobby, and I enjoy giving both new and existing customers that ‘new fish’ rush. When I find these new offerings for the store, having seen them in **AMAZONAS or **CORAL** helps me get them into my customers' tanks.**

“When you start reading these magazines, you can't put them down! If you don't carry **AMAZONAS or **CORAL** you are missing out on revenue in this already competitive market.”**

**— Steve Freed,
Founder of Fish Planet,
Established 2003, Deerfield, IL, USA**

AMAZONAS and **CORAL** Magazines are the one thing in your shop that won't spoil, won't expire, won't leak, won't break, and never dies on you or your customers. Unsold issues? They actually appreciate in value! Back issues are truly collectors' items (we know, we've sold thousands at AquaticMediaPress.com for a premium price).
